

Gear Heads of Whatcom County

June 2016 Newsletter

Our next Board meeting is Wednesday, July 6th 9:00 am at the Hilltop Restaurant.
All members are invited to attend.

President's Message

Scott Calkins, President; Gear Heads of Whatcom County

Well the Monroe Swap meet was one of the more well attended events I have seen over the past few years, but the weather made for a cold wet day. Based on the weather everyone was spending a lot of time in the buildings which made for a crowded meet. It was very hard to find many bargains.

I would like to give a special thanks to the hardy members that attended the Blossom Time Parade this year. The day started out rainy and we lost about half of our signed up members to the weather. But for the cars that did make it we got through the parade without rain we just had to deal with cold windy weather. We still managed to have a good time and to also take home the Best Car Club in Whatcom County Spirit award for 2016. Be sure to check out our web site for pictures of the parade and our members in full 50's and 60's dress mode. **Yes we've got sprit how about you!**

Now it's time to focus on our Father's Day Car Show on **June 19th**. Our team has been working hard to put together the largest collection of trophies to give away, 21 trophies including 6 of the very popular piston trophies. We have also pulled together the largest collection of quality raffle prizes we have ever had. We are very focused on not being just another car show but the biggest and best car show in Whatcom County. We have done our home work all we need now is for you and your family and friends to show up with your cars and have a great time.

See you at the show!

Scott Calkins

President

Editors Message

This issue of our Newsletter doesn't have a member BIO so we can concentrate on our show but please submit one for the July issue.

The goal is to introduce all our members to one another through a short biography of; *Why you like classic cars & trucks? What was your first car? What do you have now that you like the most? What work or changes have you done on your classic?* It doesn't have to include any or all of those suggestions just write something others would like to know as to why you're a Gear Head.

Email me at griffinspc@gmail.com with a short essay and a few photos. **Try and keep the words to about 400 or less please.**

For those that can find it get a copy of the June issue of CruZin' Magazine and see if your car made it into the three page photo shoot of last year's Gear Head show.

You've probably noticed my theme this year has been; Goal for 2016, Rescue Classics

Well. our President did just that the other day, Check out his new Diamond T
